SLATE MOD/2

Direct/Indirect Wallpack

Applications: Building perimeters, residential courtyards, exterior security, building facades, pathway and perimeter lighting

PERFORMANCE SUMMARY

Whether you are trying to meet specification, code, or seeking a building mount solution with the right options, the Slate LED was designed to provide elegant wall-mounted lighting solutions for building perimeter applications

With clean square lines, it blends seamlessly into any architecture, meeting the everyday lighting needs of engineers and architects alike. The Slate comes in both in up or down distributions and 600 to 4,000 lumens packages

Construction

- Durable extruded heavy duty die cast aluminium housing
- Surface finished with a proprietary Akzo Nobel treatment, withstanding harsh weather conditions without cracking or peeling

Optical

- Available in T3 symmetric or T4 asymmetric distribution options for facade or area illumination applications
- Dark sky friendly with minimal uplight of less than 5% total lumen output illuminating above 900 (down only model)
- Tempered glass lens
- Long life aluminium LED COB with added corrision resistance for enhancing protection against moisture and contaminants
- Delivered lighting output up to 4,000 median lumens
- Easy installation with threaded conduit holes on back of fixture

Electrical

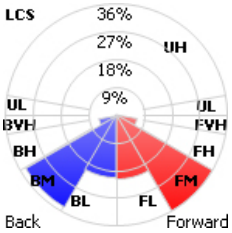
- Long life drivers up to L70/80,000 hours at 77°F
- Class 2 high efficiency LED driver, with a optional 1-10V dimming
- Wide range input voltage AC100-277V 0-10V dimmable

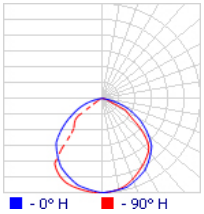
Specification

Volts: AC100-240V
MacAdam Step: SDCM < 5
Average Rated Life: 60,000hrs
Dimming: 0-10V
CRI: > RA80
Environment Location: IP65
Ambient Temp: -4°F to 122°F

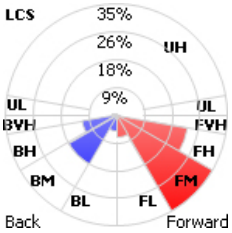
PHOTOMETRICS

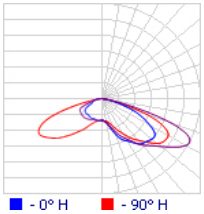
Type 3 (T3)





Type 4 (T4)





DIMENSIONS

Weight: (May vary with accessories)
6.6lbs (3.0kg)
